TRAIL TOOL

My Community Snapshot

One community you're part of: how it works, what you bring to it, and how you want to show up next.

Fill this in as you work through Module 11. Lessons 11.2 and 11.3 point you to each step. By the end, you'll have most of what you need for Mile Marker #11.

Use first names or roles for the people in your community, not full names.

Two ways to use this handout. It matches the Community Snapshot in the Pathfinder Guidebook. Print it and fill it in by hand, or type in the boxes and save it as a PDF. Keep it handy for Mile Marker #11.

NAME _____ **DATE** _____

STEP 1

My community

A living situation, a job, a class, a team, a group chat, a faith or cultural group, an online space.

The community _____ **My role in it** _____

How I already show up or contribute, even in small ways

STEP 2

How it works

From Lesson 11.2.

People: who's involved, and what role each tends to play

Rules: one unwritten rule running the show

Influence: who really shapes what happens (it might be me)

Leverage point: one small action that might make something work better

STEP 3

My offer and my boundary

From Lesson 11.3.

The strengths and values I'm drawing on (from Module 7)

What I have to offer

What I'm not available for

How it would feel to say both out loud

STEP 4

Looking ahead

One way I want to show up more intentionally

One realistic first step
